ABOUT COLLEGE STAR

College Star was founded in 2008 and over the last 15 years has been recognized as a frontier in the US college and high school placement for athletes and non-athletes alike. With over 500 satisfied clients around the world, College Star stood the test of time and has established company representatives throughout United States, Europe and Asia.

Our team is comprised of young, vibrant individuals who themselves had a long experience in American high school and university system and can provide the best insight possible to our new clients. For this reasons, dozens of young athletes and their parents have reached out specifically to College Star which has been a trustworthy partner ever since its inception.

Numerous testimonials of happy athletes (and parents) are readily available on our website and Instagram page.

Meet the team

HOW DOES THE PROGRAM WORK?

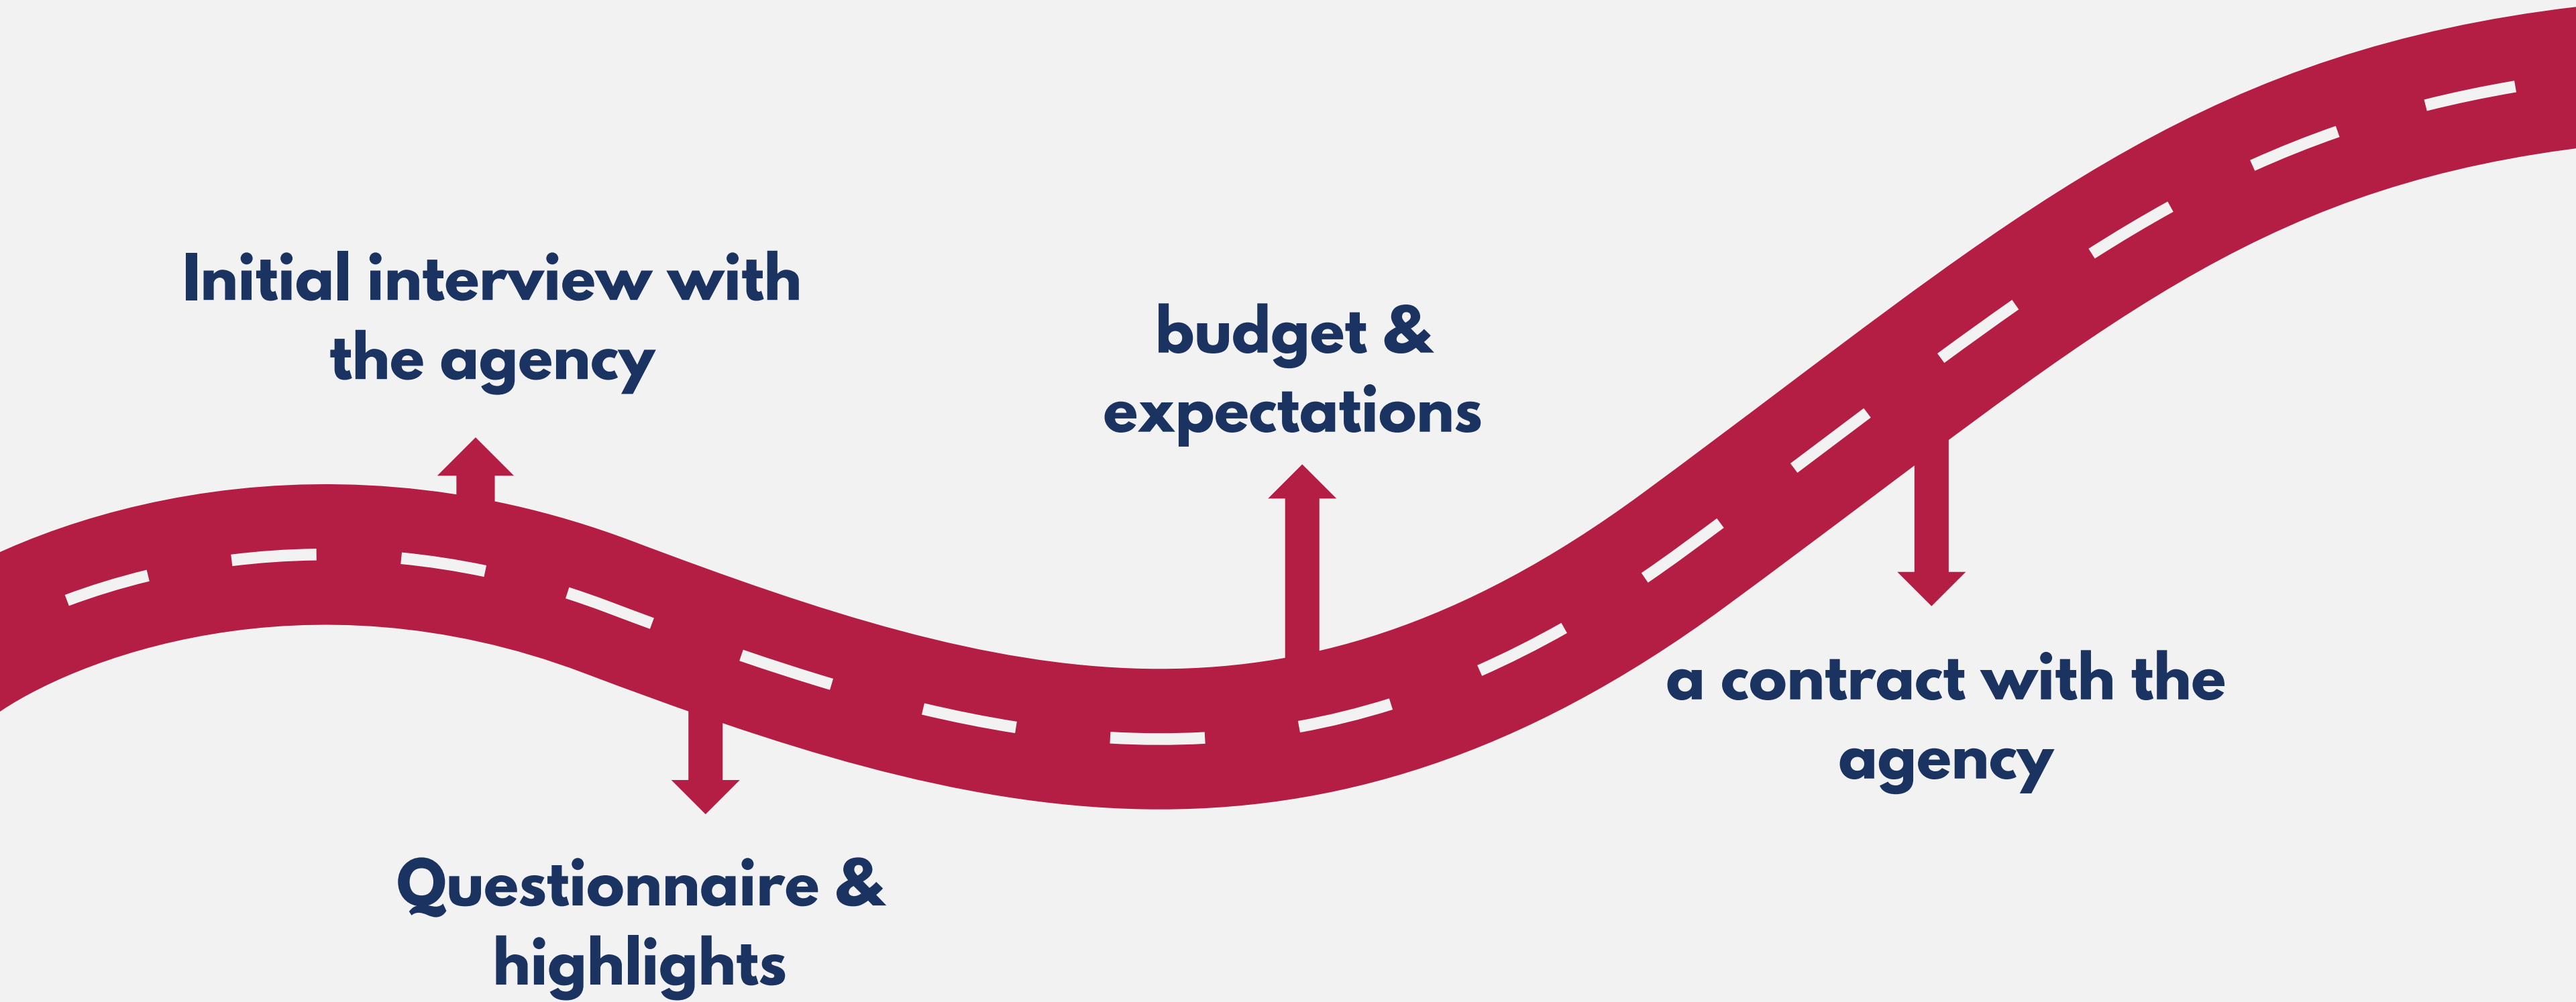

We offer student-athletes the unique opportunity to continue their education in the US while pursuing their basketball careers.

Our program covers students from their first year of high school all the way to the college level.

We work as a team to find schools that fit our client's needs and preferences.

THE PROCESS

**Initial interview with
the agency**

**budget &
expectations**

**a contract with the
agency**

**Questionnaire &
highlights**

INITIAL INTERVIEW

When a student expresses interest in studying in the U.S.A., we conduct an initial interview with the student and their parents.

Our primary objectives include:

- **Understand client and parents' needs**
- **Evaluate their sports skills and academic achievements**
- **Explain the process of recruitment**
- **Explain the payments to the agency and figure out the budget the family has for tuition costs in the USA**

QUESTIONNAIRE & HIGHLIGHTS

Candidates are required to complete questionnaires provided by our agency, provide transcripts of their schooling, and share their basketball highlights.

BUDGET & EXPECTATIONS

Information about the budget helps us create a comprehensive profile for each candidate.

Following the profile review, we arrange another meeting with the families to establish realistic expectations based on the information provided.

A CONTRACT WITH THE AGENCY

Following the profile review, we arrange another meeting with the families to establish realistic expectations based on the information provided.

If both the parents and our agency agree on the terms, we proceed to sign a contract and initiate the placement program.
